

Stakeholder Network

The HTAR mandates the establishment of [glossary_exclude]a stakeholder network to ensure the inclusiveness and transparency of any joint[/glossary_exclude] HTA work taking place at the European Union level. The [glossary_exclude]stakeholder network is a vital component of the regulation as it ensures that the perspectives and interests of various stakeholders are considered. The stakeholder network consists of representatives of[/glossary_exclude] eligible organisations that meet the requirements of Article 29(2).
